MEET DENISHA

Leadership Trainer and Speaker

As a forward-thinking leadership expert, Denisha Nichole Tate works closely with creative, brilliant leaders who are stuck or have lost their way to regain their footing and step into unlimited possibilities.

With over 20 years of experience in personal, professional and program development, strategic thinking and planning, and resource management, Denisha understands exactly what’s needed for leaders to remain relative, competitive and forward-thinking in any area or environment. She is able to help leaders identify and remove the barriers that prevent them from achieving their goals, and tap into their individual power source. Although this may sound extremely intense, she has mastered the technique which allows her to accomplish this using a practical, humorous and highly-energetic format that produces results. Therefore, leaders are not only motivated and inspired, but they walk away equipped and ready to take immediate action.

Denisha formerly served as the Chief Strategic Officer for the Boys & Girls Clubs of Greater Milwaukee, managing a \$24 million annual budget with a team of over 800 staff serving over 43,000 youth. She has been an intricate part of the Boys & Girls Club movement since 1997, working in various roles from training and developing staff to tracking and measuring outcomes. Her natural ability to persuade, motivate and empower has earned her numerous awards, including the Professional Association of Boys & Girls Club’s National Herman Prescott Award, The Society of African American Professionals’ Judith J. Pickens Award, and the Milwaukee Times Newspaper Black Excellence Award, to name a few. Most notable, she was honored as a member of The Business Journals 2013 Women of Influence for the impact she is having on people’s lives and improving the community.

She is a certified Crucial Conversations® Trainer, a National Train Associate for the Boys & Girls Clubs of America, and a member of the United Way of Greater Milwaukee’s Speakers Bureau. Denisha also serves on the board of two educational organizations geared toward impacting lives and changing communities. She holds a BS in Psychology from the University of Illinois and a MBA from the University of Phoenix.

“I have been a student of change, transformation and overcoming obstacles all my life. I understand what is necessary to make a decision for things to be different. Once you have decided that things will be different, you behave differently and transformation begins. In both personal and business, results are driven by mindset, motivation and enthusiasm – that’s where your power source comes from. When you are tapped into your power and aligned toward a purpose, you become unstoppable. In that realm, creativity can really flourish and opportunity will line up – you just have to keep up with it.”
